Major Function:

To provide leadership, coordination, guidance and technical expertise for the effective performance of manufacturing departments. Create a team environment that fosters safety, innovation, continual improvement, quality driven manufacturing processes

Major Responsibilities:

Responsible for the safety, discipline, focus and coordination and facilitation of team resources required to meet customer requirements as well as team/area objectives. Includes providing leadership to enable the team to make day-to-day decision involving: overtime, continual improvement projects, preparation of time cards, attendance records, vacation planning, coverage for illness, etc.

Includes a requirement to coordinate and balance all team work load with overall production and customer delivery requirements. Adjust the work assignments to address critical or emergency conditions during the shift

Review and verify team member training levels and competence for required work. Review with managers, supervisors, and team leaders to developing training plans and address any deficiencies and review progress towards training and development goals.

Qualifications:

Completion of a Supervisory Management Program and/or Materials Management Program is highly recommended. PC skills in Word and Excel are also required.

Position requires the incumbent to balance the demands for production with tooling and services required to satisfy the customer delivery requirements and new product tooling. The incumbent must make common sense, good judgment decisions concerning these areas without the benefit of immediate assistance from support departments.

The successful candidate will be able to facilitate team building, problem solving and conflict resolution within the team and possess excellent communication skills, both verbal and written. Knowledge of safety practices and requirements is required.

Position requires an individual with the ability to lead and motivate people in a team environment, balance the demands of several work centers and to coordinate closely related work of a variety of employees.

If you desire the chance to make a difference and to work with great people who value teamwork, challenges and the ability to impact the future of the company, Please send you resume to Jagemann Stamping Company, 5757 West Custer Street, Manitowoc, WI 54220.
