A Manufacturing Technician operates and provide limited minor preventative maintenance of presses and other machinery.

Major Responsibilities:

Safely, operate and tend manufacturing equipment while producing quality parts. Operation involves knowledge of press controls, non-conforming procedures and documents, log books and the ability to operate equipment at optimal speed without compromising product quality or equipment maintenance. Technician is required to check finished parts, empty parts containers into hoppers, and shut-down operation whenever deficiencies in quality or equipment operation are noted.

Uses precision measuring instruments (caliper, micrometer, plug gauges, bore micrometer, dial indicator height gauge) to ensure that parts meet customer specifications.

Maintain cleanliness in and around press and work area. Involves cleaning scrap from inside and outside of press upon order completion. In addition, whenever visible signs of debris, oil, coolant or any slippery conditions or substances are present, area must be mopped clean and an attempt made to discover and eliminate the source of any leaks.

Perform minor and limited preventive maintenance such as lubrication and auditing for loose parts and visible defects in equipment.

Load and unload raw material from stock reel or palletizer, following safety guidelines and using personal protection equipment such as gloves. Includes the responsibility to verify that material tags match the specifications required. Requires the safe & effective use of fork lift, overhead hoist, coil hook, stock reel, coil straightener and banding apparatus.

Required to read and interpret part prints and understand the correlation between the print and critical dimensions upon which SPC charts are based. Includes an understanding of the use of SPC computer system and the basic principles of our SPC customer requirements.

Qualifications:

Good mechanical ability.

Math, problem solving and reading competency.

No Industrial experience required.

If you desire the chance to make a difference and to work with great people who value teamwork, challenges and the ability to impact the future of the company please apply on line at www.jagemann.com.

Jagemann Stamping is an Equal Opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national or ethnic origin, sexual orientation, gender identity or expression, age, disability, veteran status or other characteristics protected by law.
